

## Get Your Motors Running

Now is your chance to be a part of Los Angeles's highest-octane classic car rumble hosted by the unashamed women of the pinup world, Tonya Kay's Pinup Pole Show!

Differentiate yourself from the competition by supporting this cheeky, greasy, retro event with a diverse and fast-growing fan base.

We have a history of selling out shows, hosting up to 500 cars and 5000 guests over our 5 year run. We produce 3 local shows/year and get set - in 2019 we are expanding to include a full festival in Northern California. Now is an exciting time to align brands.

Our fan base is targeted and devoted, including wrenchers, photographers, pinup models, elite-level athletes and devoted retro-philes.

In between our LA-based rallies, we appear in magazines, tv/film and write the most-read column for the premiere racing parts emag weekly. If you think your fashion or auto parts would shine in one of our photoshoots or on our stage, let us know.

**We are seeking sponsors, vendors and contributors so we can bring this full-throttle fun to the nation and it all starts with you!**
